I've been searching for words to talk about what happened to George Floyd in Minneapolis and all I can say is this was completely reprehensible. Nobody should be treated that way regardless of the color of their skin or the crime they may have committed. The police officers were responding to a "forgery in progress" I checked the penalty for that crime...nope it doesn't carry a death sentence. The termination of the 4 police officers involved was a good first step. But the world is watching to see what the next step(s) are.
