History is repeating itself in Minnesota. Again, we have elected officials, with no independent knowledge of the investigation, and within hours of the critical incident, commenting about a case that is UNDER INVESTIGATION. The word "unjustifiable" is a legal conclusion based on "reasonableness." This conclusion would not be determined by a politician looking for clicks, but rather, the county attorney who is asking for legal and due process for all.

Shame on Representative Dean Phillips for inserting himself on an active, criminal investigation.

Rep. Dean Phillips

@RepDeanPhillips

...

The video of Ricky Cobb II being shot and killed by MN State Troopers is deeply troubling, and I'm heartbroken by another senseless loss of life. Law enforcement is a very difficult and risky job, but shootings like this are unjustifiable and more must be done to prevent them.
