I am really grateful for governor Walz leadership. He has consistently demonstrated strength, empathy, and vision. And his vision has translated into action. He spends very little time demonizing people he disagrees with. His politics of joy will be a blessing to our country. 🙏🇺🇸

It is a privilege to cast my vote for Ilhan Omar and endorse her for Congress. As I have gotten to know her over the last 2 years, she has shown a talent for building coalitions between people and communities. She bridges difference and gets things done. She did this first as a refugee, then as a legislator. Few people realize that as legislator she immediately entered as a leader. Even in the minority she immediately got to work authoring 144 bills and successfully obtaining significant funding for additional healthcare and affordable housing resources.

I am confident she is going to do right by our community in Richfield and make the same kind of impact in Wahsington she has made everywhere she has gone. You got this Ilhan!

Great to see you friend. Khan said it right. Muslims are guardians of democracy in America. Protecting your rights is protecting my own. As a Christian and elected official, I'll continue to stand with you and all my Muslim brothers and sisters anywhere.
