Officer Comments **BWC (second half of interaction). I did not anticipate the driver of the semi showing up at the scene, so I did not have by BWC and squad camera activated. Mohamed was dropped off at the scene, and said the parked (marked shoulder of residential zone, one lane each direction), and running, semi truck (with enclosed trailer attached) was his. One image of semi and trailer uploaded to AXON. Mohamed said he had just left it parked and running for a few hours while he visited with this family. I had to ask Mohamed three times for identification; Mohamed was reluctant and asked repeatedly if he had done something wrong, to which I answered each time that he had committed two parking ordinance violations. Mohamed accused me of being an asshole. I updated the reporting person of the outcome. VS54**
