Hello,

I hope you're doing well.

We recognize that this has been a challenging season for many 245D providers across Minnesota. Workforce shortages, regulatory changes, reimbursement pressures, and the overall demands of serving vulnerable populations can weigh heavily on even the most committed organizations.

With that in mind, we're reaching out gently and respectfully to inquire whether you — or someone you may know — might be considering a transition, restructuring, or eventual exit from your 245D services. We are currently exploring the possibility of purchasing or acquiring an existing 245D license, with the intention of continuing services in a way that honors the work that has already been built.

We understand that these decisions are deeply personal and often complex. If this is something you've been thinking about — even quietly — we would truly appreciate the opportunity to have a confidential, no-pressure conversation. Our approach is centered on respect, transparency, and care for the providers and communities

respectfully to inquire whether you or someone you may know — might be considering a transition, restructuring, or eventual exit from your 245D services. We are currently exploring the possibility of purchasing or acquiring an existing 245D license, with the intention of continuing services in a way that honors the work that has already been built.

We understand that these decisions are deeply personal and often complex. If this is something you've been thinking about — even quietly — we would truly appreciate the opportunity to have a confidential, no-pressure conversation. Our approach is centered on respect, transparency, and care for the providers and communities involved.

And if now isn't the right time, we completely understand. We would still be grateful to stay connected.

Thank you for the meaningful work you do for individuals and families across Minnesota. We sincerely appreciate your service and dedication.

Warmly,

Ahmed Abdulkadir
