Title: Harassment In-Person-Harassment **How Received:** Telephone
Summary:

I spoke with Hamsa briefly over the phone. He stated his sister, unknown identity, wanted to press charges for a hate crime. When asking further information about what took place, Hamsa advised that someone approached his sister while his family was looking at the listed house which was for sale. The individual was yelling at her which they advised they posted on TikTok. He advised he wanted to press charges and then I could speak with his sister. I requested the video to be sent which I viewed elsewhere as I did not receive it from Hamsa. I advised Hamsa I would call him back after I watched the video and we would figure out next steps. I attempted to call Hamsa several times and left a voicemail to call back if he wished. At this moment, there is no crime. ML89
