

Prosecutor Response

Pardon application for: Tou Lue Vang

Case #: 62-K1-05-000057

I, Tami McConkey, on behalf of the Ramsey County Attorney's Office,

☐ Support a pardon.

☒ Do not support

☐ Take no position.

Statement to the Board (if desired): We do not support a pardon. We offered a dispositional departure in this case because the victim, then 12 years old, was experiencing pressure from her family to not cooperate.

The case involved several aggravating factors including her young age; multiple forms of abuse; she was abused in her own home; the abuse occurred over an extended period of time (1/1/02 - 7/31/04); the defendant used no sexual protection; on one occasion the defendant drove the victim to his home and abused her there. We also urge the Commission and the Board to review the PSI to understand more about the victim's circumstances. While Mr. Vang expresses shame and regret about what his children experience when then learn of the offense, he does not share any thoughts or insight about what the victim must have gone through.
